# EULESS TODAY

Dear Citizens,  
August is a month for music lovers with several free concerts. The Library will host two performances.

First, kiddie band The Que Pastas on August 2nd at 2 p.m. and then "Big Band" Les Elgart Orchestra will perform August 4th at 7 p.m. Later in the month, Texas Star will host a country concert under the pavilion in front of the golf course. The beautiful view will be secondary to the great Texas performers that are lined up that evening. The Washers will open the show with Bri Bagwell and the Banned headlining. You can listen to their music online before coming to the show. The music is great and I can't think of a better way to spend a summer evening under the stars.

While the greens are being replaced at Texas Star Golf Course, take advantage of the time to work on your golf game. There are clinics for all ages and all skill levels. I frequently attend the ladies clinics and have made progress thanks to the patience of our pros. If you want more individualized attention, the golf pros also offer one-on-one lessons. Raven's Grille is open throughout the course renovation and ready to serve you a cold drink and snack after your lesson.

## *Take Control and Stop West Nile Virus*

*Dump Standing Water | Wear Repellent | Dress  
for Dusk and Dawn*

Experts believe West Nile Virus is the seasonal epidemic of the summer, just as influenza is to winter. West Nile can be transmitted whenever mosquitoes are biting, which is why it is best to protect yourself all year.

Everyone is at risk of being affected by West Nile Virus. There is no vaccine.

Mosquitoes must have standing water in which to begin their life cycle. Almost any container or area of standing water presents a potential "mosquito nursery" where eggs can be laid. The easiest way to eliminate mosquitoes is to remove any standing water from your yard and community. It's as simple as that!

Get rid of mosquito breeding sites by emptying standing water from flowerpots, buckets and other things that hold water. Change the water in pet dishes, and replace the water in birdbaths weekly. Drill holes in tire swings so water drains out. Keep children's wading pools empty and on their sides when they aren't being used.

Take responsibility for your health. Check out West Nile Virus information at [www.tarrantcounty.com](http://www.tarrantcounty.com) for prevention tips and facts about West Nile Virus.

## *Mosquito Spraying*

The City of Euless helps protect residents with periodic spraying and by monitoring mosquitoes carrying the virus with mosquito surveillance traps. The spraying covers the entire city and does not target specific areas. The spray is actually a periodic puff of mist containing mosquito adulticide. The mist is hardly visible to the naked eye and has no detectable odor. Mosquito spraying will be performed in the late evening while most of the city population is indoors. Weather conditions dictate available times to spray since spraying will not be performed during rainfall or when wind speeds are over 10 mph.

The City of Euless proactively tries to reduce the number of mosquitos by placing larvacide pellets along with gambusia minnows in ponds, creeks, lakes, and drainage easements. This tough fish helps to fight mosquito infestation due to their ability to consume over 100 mosquito larvae a day, tolerate hot weather, still water, and even common pollutants.

Mosquito spraying and larvacide pellets will not eliminate mosquitoes completely. We ask that residents help us take action against mosquito infestation. The most effective way to reduce mosquitoes in your neighborhood is to remove their breeding source — standing water. Thousands of mosquitoes can hatch from a puddle of water that is stagnant for at least four days.

If you have any questions or concerns regarding West Nile Virus, please call Public Works, at 817-685-1580.

## Music Under the Stars

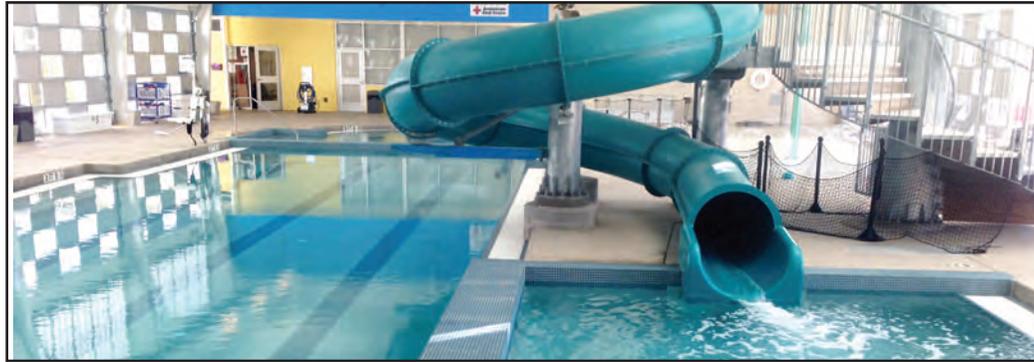

*Thursday, August 21, 7 p.m.*  
*Texas Star Outdoor Pavilion*  
*1400 Texas Star Parkway*

Texas Star in partnership with Parks & Community Services is pleased to announce a musical evening with Bri Bagwell and The Banned, and The Washers. Bri Bagwell is an award-winning country music singer/songwriter from Las Cruces, NM. In 2011, she competed in Country Music Television's "Next Superstar." She is currently touring in Texas and New Mexico.

The Washers will be the opening act for Thursday's entertainment. The band will play its own genre of Americana music, where they mix rock and roll, country, folk and others. Band members are based in Houston. For detailed information about any of these musicians, go to: [www.bribagwell.com](http://www.bribagwell.com) or [www.thewashersmusic.com](http://www.thewashersmusic.com).
